## EPCH to hold 'Virtual Textiles Fair' from Monday

The Export Promotion Council for Handicrafts will hold a 'Virtual Textiles Fair' online trade show from June 15 to 18, and expects over 800 exporters, manufacturers, and buyers to participate.

The EPCH will hold an online textiles trade show from June 15 - EPCH India - Facebook

After recently holding its first-ever online edition of the India Fashion Jewellery and Accessories Show, the EPCH will hold an online textiles trade show starting next Monday, the organisation announced on its Facebook page. As trade shows remain cancelled for the foreseeable future, the EPCH aims to help textile businesses gain orders and restart operations through digital networking.

The virtual trade show will feature textiles, floor coverings, and home furnishings, according to the EPCH. It will take place as part of its India Handicrafts and Gifts Fair trade show enterprise. The IHGF describes itself as "Asia's largest gifts and handicrafts fair."
